Seminar overview

Are you a qualified EU dentist thinking of working in the UK?

Moving to a new country is a daunting process at the best of times; having to learn a new language and adapting to a different culture can often be difficult. This seminar has been designed to help EU/EEA graduates and qualified dentists who are thinking of, or have moved, to the UK to make an easier transition.

If you feel that you have limited understanding of UK legislation and are interested in working in the UK, this seminar is for you. Anyone who attends this seminar will find it an invaluable learning experience and will hear essential information and guidelines for working in UK dentistry.

This seminar is primarily aimed at European Union dentists who would like more information on working in the UK.
