

FDI 2014 New Delhi Annual World Dental Congress

11-14 September 2014
New Delhi, India

PRELIMINARY PROGRAMME

Annual World Dental Congress 2014 New Delhi

ADA CERP® Continuing Education
Recognition Program

www.fdi2014.org.in
www.fdiworldental.org

Dear colleagues

The 2014 FDI Annual World Dental Congress will be the 102nd in a series of international dental events spanning more than a century. It will also be the second AWDC held in New Delhi in the space of 10 years.

What makes the FDI AWDC special? We all learn our profession in our national dental schools; we all have 'our way' of carrying out procedures, which, in our view, is the best way. But, the purpose of an international event is not to make value judgments about methods: it is to share knowledge and experience with our peers worldwide, challenge our pre-conceived ideas and widen our perceptions. This is even more essential today with the worldwide migrations of dentists and patients.

We anticipate a very big event: India is one of the world's largest growth markets for dental skills and dental products. Every year, some 25,000 newly-trained dentists graduate from the country's nearly 300 institutes offering dental qualifications schools. Furthermore, India is today one of Asia's and the world's largest and fastest growing economies, with a dynamic dental sector whose value to the national economy runs into billions of US dollars.

India is one of the oldest civilizations in the world and a prime attraction for both domestic and international tourists looking to revitalize their mind, body, and soul. Its capital, Delhi, is sprinkled with dazzling gems: captivating ancient monuments, fascinating museums and art galleries, architectural wonders, a vivacious performing-arts scene, fabulous eating places and bustling markets. Congress venue Greater Noida, within the New Delhi region, is one

INVITATION

of the largest business centres in Asia, with a wide variety of options of lodging and accommodation from budget friendly to absolute luxury.

FDI is the international voice of dentists, representing some 200 national dental associations and specialist groups, speaking on behalf of the dentists at international level and defending the interests of the profession.

IDA, comprising 28 State Branches, more than 350 Local branches and 1 Defence branch, has a combined membership of over 50,000 dedicated dental professionals. It believes in the importance of oral health for each and every individual and leads efforts towards attaining that goal. Its aim: optimal oral health for every Indian by 2020.

Together, FDI and IDA anticipate an exceptional participation in what we plan to make a truly incomparable event nationally, for the whole South Asia region and for the world. We look forward to welcoming you to the most significant international dental event in the 2014 calendar.

Dates

11- 14 September, 2014

Languages

The official congress language is English.

Invitation letter

An official invitation letter can be produced from the online registration system. Please contact the Congress Secretariat for any special request.

Certificate of attendance

All congress participants will be issued a certificate of attendance.

You can collect your certificates from the registration desk from **12 September 2014**.

Name badge

All participants are kindly advised to wear their name badges at all times during the congress. Entrance to scientific sessions will be through a barcode system printed on your name badge.

Registration desk

The congress registration desk will be at the entrance of the congress centre. It will be open from 08:30 to 18:00 (8.30 a.m. to 6 p.m.) during the congress dates.

Exhibition area

An industrial exhibition will be available throughout the congress. The exhibition will take place on the ground floor of India Expo Centre and Mart and will be open during congress hours.

FDI New Delhi 2014 Exhibition

India Expo Mart & Centre

India Expo Mart & Centre is India's first state-of-the-art, multi-functional venue with a rare combination of technology merged with world-class facilities and safety standards. It is well-adapted to host an event of such calibre.

Over 5,000 m² of exhibition space

Over 5,000 m² of exhibition space on the ground floor is being made available to spotlight the very latest cutting-edge developments in dental technology and oral care from local and regional suppliers as well as suppliers from around the world.

Opening hours

11 to 13 September **09:30 - 17:30 (9.30 a.m. to 5.30 p.m.)**

14 September **09:30 - 16:00 (9.30 a.m. to 4 p.m.)**

More about the FDI 2014 Exhibition at www.fdi2014.org.in

Be there to

- Meet experts
- Increase productivity & efficiency
- Find solutions
- Seek inspiration & new ideas
- Develop contacts & network
- Improve industry knowledge & much more...

Accommodation

The Congress Secretariat has confirmed rooms at a wide variety of hotels to suit every budget in the cities of Greater Noida, Noida & New Delhi in the National Capital Region for the benefit of Congress delegates.

- For detailed terms & conditions and additional facilities please visit www.fdi2014.org.in

Cancellations

- For detailed cancellation policy please visit www.fdi2014.org.in

Group Bookings

Contact the Congress Secretariat or email accommodation@fdi2014.org.in

India

Land of Civilizations!

India is one of the oldest civilizations in the world, spanning a period of more than 4000 years, and witnessing the fusion of several customs and traditions, which are reflective of the rich culture and heritage of the country. As the seventh largest country and largest democracy in the world, India stands apart from the rest of Asia, marked off as it is by mountains and the sea, giving the country its distinct geographical entity.

Unity in Diversity

India is a pictorial kaleidoscope of landscapes, opulent historical and royal cities, golden beaches, misty mountain retreats, colourful people, a confluence of rich cultures, and festivities. The Indian culture has several hues like its vast geography. People speak different languages, dress differently, follow different religions, eat different foods, but are of almost the same temperament. In the recent past, the country has recorded remarkable success in a number of sectors—commerce, technology, communications, health care and infrastructure—facilitating sustained growth of the economy.

A trip to India is exceptional for business people and tourists as this wonderful land always offers something new for everyone.

A journey to Incredible India will be an enduring experience.

New Delhi & Greater Noida

New Delhi is the capital of the Republic of India, and the seat of the executive, legislative, and judiciary branches of the national Government. Also known as the microcosm of India, it is one of the world's leading global cities, with strengths in the arts, commerce, education, entertainment, fashion, finance, healthcare, media, professional services, research and development, tourism and transport, all contributing to its prominence.

You will discover that the city is sprinkled with dazzling gems: captivating ancient monuments, fascinating museums and art galleries, architectural wonders, a vivacious performing-arts scene, fabulous eating places and bustling markets.

The city of Greater Noida, which falls within the National Capital Region of New Delhi, is well planned and considered one of the country's largest and fastest growing regions, transformed into the industrial and educational hub of India. This beautiful city is renowned for its places of business and famous worldwide IT giants, which have their numerous branches in the city.
